

3.1. Group of Activities 3 - Elaboration of a Regional Capacity Building Start-Up Curricula

3.1 Regional Capacity Building Start-Up Curricula Meeting

Date : 20 May 2013

Place : Eforie (Romania)

No. Participants: 20 (11 from RO, 2 from BG, 2 from TU and 5 from MD)

The meeting is part of the GA3, Activity 3.1 - Elaboration of a Regional Capacity Building Start-Up Curricula. The aim of the action is to increase the administrative capacity of dealing with earthquakes in the Black Sea area covered by the countries participating in the network. Joint curricula will be developed according to the needs assessment data identified during country assessments carried out in Group of Activities 1 and based on the regional strategic requirements. The curricula shall be elaborated by the IPA Lead Beneficiary, and discuss among partners in two meetings - one for initial discussions and one for approval of the curricula

In this manner the **Regional Capacity Building Start-Up Curricula Meeting** was organized in Romania, Eforie at Dobrogea Seismological Observatory on 20th May 2013. The meeting was organized by ENPI Partner National Institute for Earth Physics. Participants were Turkish IPA Implementing Project Partner International Blue Crescent Relief and Development Foundation, Romanian ENPI Project Partner National Institute of Research and Development for Earth Physics, Bulgarian Project Partner Geophysical Institute of Bulgarian Academy of Sciences and Moldavian Project Partner, Geology and Seismology Institute of Moldavian Academy of Sciences and from the stakeholders Inspectorate for Emergency Situations- Constanta County, Romanian Red Cross - Constanta branch, Civil Protection and Emergency Situation Service Min.
